FOR IMMEDIATE RELEASE

ABERDEEN PROVING GROUND TO CONDUCT TESTS

- The Aberdeen Test Center at Aberdeen Proving Ground will support a test involving U.S. Air Force C-5 aircraft from March 19 to 23.
- Both day and nighttime tests will be conducted. The aircraft will operate primarily in the restricted airspace above Aberdeen Proving Ground.
- Residents in the surrounding communities may hear and observe aircraft flying at low altitudes. Smoke may also be visible. Operations will be conducted to ensure minimal impact to residents in the surrounding communities.
- Questions should be directed to 410-278-1147 or 1-800-688-8705.
